Guest of Honor Scott Linkletter
Owner of Raspberry Point and
Prince Edward Island Oysters

Scott will be inducted into Shaw's Oyster Hall of Fame. He grew up in Prince Edward Island, Canada. In the late 1980s, he began working with and growing oysters. By 1990, oyster leases were developed in New London Bay, which borders Prince Edward Island National Park. This allowed the Raspberry Point Oyster to grow in a clean, cold, salt-water environment.

The Raspberry Point Oyster is very slow growing due to the northern climate of Prince Edward Island. Each oyster takes six to seven years to reach market size, which is suitable for the oyster bar trade. These oysters are harvested throughout the year, including during the winter months when they are harvested through three feet of ice! In the last few years, Scott has also started growing the Pickle Point Oyster.

In 1998, Linkletter began shipping Raspberry Point Oysters to the United States. Shaw's Crab House in Chicago became one of Raspberry Point's first customers. This began a valued relationship for many years to come.
